

ADJUSTABLE SHOWER HEAD

INSTRUCTION MANUAL

Washing hair in the sink, rinsing shampoo out in the bath, cleaning up after messy play, or washing the dog can all become a whole lot easier when you can direct the water exactly where you need it. This flexible shower hose stretches onto many standard taps to create an easy handheld rinse hose in seconds. The soft spray head and flexible hose help make hair washing, bath rinses, pet washing, muddy clean-ups, and everyday washing routines feel simpler and more practical around the home. Handy for bathrooms, laundries, kitchens, back doors, travel, caravans, or anywhere a normal tap just does not quite reach the way you need it to. No tools or complicated setup needed either, simply stretch the connector onto a compatible tap and you are ready to go.

Great for:

- Washing hair in a sink or basin
- Rinsing shampoo out in the bath
- Bathing dogs and other pets
- Sandy feet, muddy shoes, and outdoor clean-ups
- Gardening, messy play, and quick rinses
- Low-energy, fatigue-heavy, or recovery days
- Accessibility and easier washing support
- Washing routines without needing a full shower
- Travel, caravans, camping, or van life
- Everyday use around the home

ADJUSTABLE SHOWER HEAD

INSTRUCTION MANUAL

Features:

- Flexible handheld rinse hose design
- Soft spray shower head
- Lightweight and easy to use
- Flexible hose for easier reach and movement
- No tools needed for setup
- Fits many compatible standard taps
- Handy for indoor and outdoor use

Image Description: A white flexible shower extension hose with a soft spray shower head and rubber tap connector attachment. Images show the hose connected to a sink tap and being used for rinsing and washing. Additional photos show the hose stretched out and coiled to demonstrate flexibility and reach.

Details:

Material: ABS Plastic, Rubber

Size: Please see sizing below...

Hose: 110cm (L) x 1cm (diameter)

Shower Head: 7.5cm (L) x 6.5cm x 3.5cm (D)

Tap Head: 6.5cm (L) x 3.9cm (W) x 2.7cm (inside tap)

Weight: 125 grams

Package includes: 1x Shower Head Extension

Age Guidance: Suitable for teens and adults. Younger users may enjoy using with support around water.

How to Use:

1. Stretch the tap connector over a compatible tap
2. Ensure the connector fits securely before turning water on
3. Use the spray head to direct water where needed
4. Adjust water pressure using the tap controls
5. Remove, drain, and store after use if desired

Care Instructions:

- Rinse and drain after use
- Allow to air dry fully before storing
- Store in a clean, dry place
- Check connector and hose regularly for wear or leaks
