

WHOLE MOUTH USB SONIC TOOTHBRUSH

INSTRUCTION MANUAL

Oral care routines do not look the same for everyone, and sometimes finding the right tools can make everyday brushing feel quicker, more comfortable, and easier to keep up with.

This electric U-shaped toothbrush is designed to brush multiple surfaces of the teeth at once, helping support a more approachable and sensory-friendly brushing experience for many people. The soft mouthpiece surrounds the teeth while the electric vibrations help clean across the front, back, and chewing surfaces at the same time, reducing the need for repetitive brushing motions and coordination.

Whether used independently or alongside support, it can help make everyday oral care routines feel simpler, quicker, and more comfortable to maintain.

Great for:

- Quicker everyday toothbrushing
- Sensory-friendly oral care routines
- Making brushing feel more approachable
- Disability and accessibility support
- Caregiver-assisted brushing
- Reduced grip strength or coordination
- Saving time, effort, and energy
- Chronic illness, fatigue, and low-energy days
- Building more independent routines
- Low-energy mornings and evenings
- Shower or bath-time routines
- Travel and overnight stays
- Teens and adults wanting an easier brushing routine

WHOLE MOUTH USB SONIC TOOTHBRUSH

INSTRUCTION MANUAL

Features:

- U-shaped whole-mouth toothbrush design
- Electric vibrating cleaning action
- Soft flexible mouthpiece
- Waterproof toothbrush body
- USB rechargeable

- Lightweight and easy to hold
- Designed to help reduce brushing time and effort

Image Description: A hand holding a modern, white U-shaped electric toothbrush against a plain white background. The device features a compact, ergonomic base with a textured grip and a central power symbol button. Attached to the top of the base by a small metal stem is a clear, flexible silicone mouthpiece designed to fit over a person's teeth, lined with soft, tiny bristles along the inside of its curve

Details:

Material: ABS Plastic, Stainless Steel, Food Grade Silica Gel.

Size: 11.6cm (L) x 6.6cm (W) x 2cm (D)

Rated Voltage: DC3.7V

Rated Frequency Conversion: 5000-15000

Rated Current: 1500mAMax

Input Voltage: DC5V

Weight: 75 grams

Package includes: 1x Sonic Electric U Toothbrush, 1x USB cable, 1x User Manual

Age Guidance: Suitable for teens and adults. May be suitable for younger children with adult supervision and dental guidance.

How to Use:

1. Apply small dots of toothpaste to the upper and lower sections of the mouthpiece
2. Place the toothbrush into the mouth so the bristles surround the teeth
3. Turn the toothbrush on and allow the vibrations to clean the teeth
4. Gently move side to side if needed
5. Rinse and clean after use

Care Instructions:

- Rinse mouthpiece thoroughly after each use
- Allow to fully air dry before storing
- Charge as needed using the included USB cable
- Replace brush heads as needed (replacement brush heads not included)
